

## Door-to-Door collection for real estate agencies and owners of tourist properties

We hereby inform you that in June we are launching the campaign called Begur es teu poble RECYCLE. This campaign signals the commencement of the Door-to-Door waste collection system, which has already been introduced in several areas in recent months. From July onwards it will be put into action throughout Begur (except on the Ses Costes and Casa de Camp estates).

Begur usually has 4,000 residents but this number rises to 25,000 in summer, which is why your cooperation and efforts are important and essential for the Door-to-Door (DtD) system to be effective.

The European regulations require us to achieve a 60% waste separation rate; for this reason, l'Àrea de Medi Ambient (the Environment Department) will closely monitor each home and, in the event that any incidents are observed, you will be informed by email.

Consequently, charges will soon be adjusted to reflect waste separation levels.

### How to join the Door-to-Door (DtD) service

- Go to the Environment Department (Espai Mas d'en Pinc · Pg. Carmen Amaya, 1. Begur · T. 872 214 977) with a **water bill**, between 9 a.m. and 1 p.m. from Monday to Friday.
- You can also arrange to collect of the DtD kit by emailing [pap@begur.cat](mailto:pap@begur.cat), attaching your water bill and the contact details of the owner or their representative (name, surnames, telephone number, email address and postal address).

For further information you can visit the website at [portaaporta.begur.cat](http://portaaporta.begur.cat), call the Environment Department (**872 214 977**) or email [pap@begur.cat](mailto:pap@begur.cat)

# Tasks which must be performed by real estate agencies and owners of tourist properties

## THE PROPERTIES

Must have:

### DtD bins

Bins to be put out: orange (40L) and brown (20L). Ventilated bin for separating organic waste at home.

**The classification guide and the collection fridge magnet**, clearly visible.

**Five bins or utensils** to make the tenants' selective separation easier.

**System for securing the bins** (in a bin store or fixed to front of the property). (Check options with the Environment Department).

## THE TENANTS

- Must be previously informed of the DtD collection system.
- Must make use of the Door-to-Door service during their stay at the property, separating each category properly.
- Put out the bins in front of the property between 8 p.m. and 10 p.m. and take them back in the morning before 10 a.m.
- On specific occasions, when it is not possible to comply with the established collection schedule, the waste may be left in one of the six emergency areas (see map).

## REAL ESTATE AGENCIES

- When the tenants leave, the cleaning staff must deposit the previously separated waste in the containers in the emergency areas.
- If you have sufficient space at the estate agency to use large-capacity containers (120L and 240L), please contact the Environment Department.
